

SF1 a: Profile 1 of transmembrane topological organization of complete sequences of protein of CHSBasidio database.

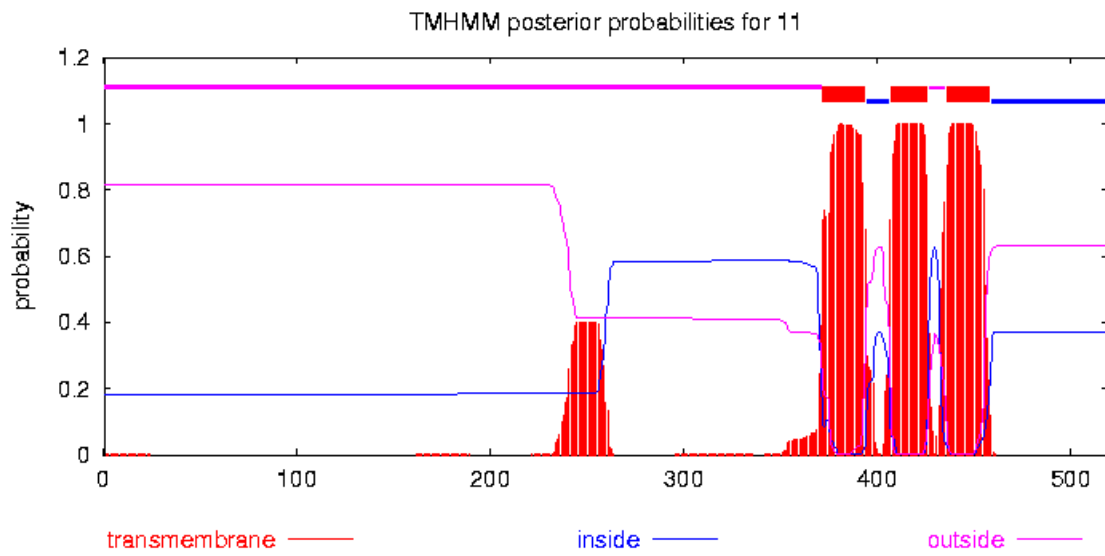

SF1 b: Profile 2 of transmembrane topological organization of complete sequences of protein of CHSBasidio database.

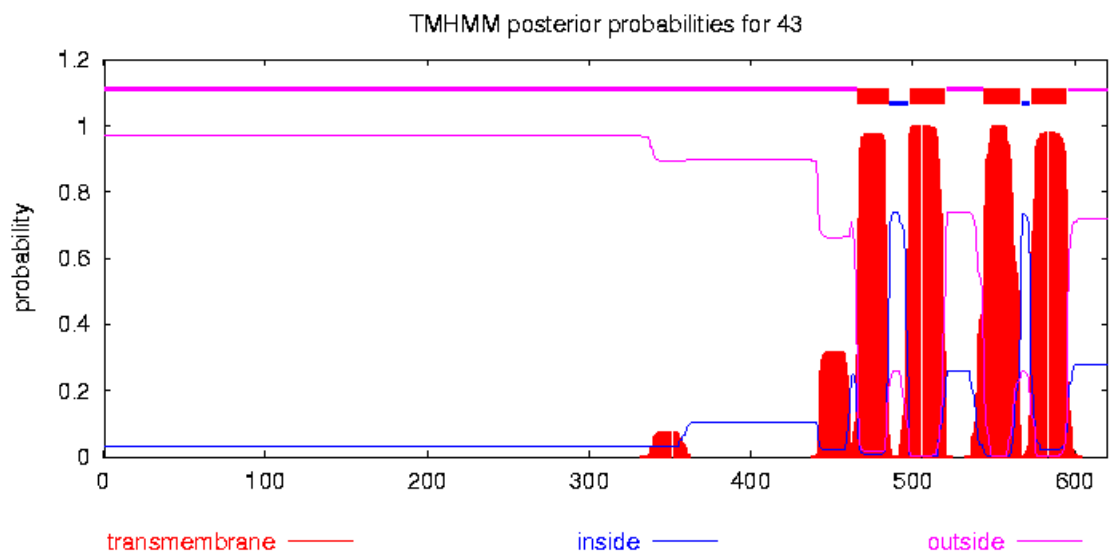

SF1 c: Profile 3 of transmembrane topological organization of complete sequences of protein of CHSBasidio database.

SF1 d: Profile 4 of transmembrane topological organization of complete sequences of protein of CHSBasidio database.

SF1 e: Profile 5 of transmembrane topological organization of complete sequences of protein of CHSBasidio database.

SF1 f: Profile 6 of transmembrane topological organization of complete sequences of protein of CHSBasidio database.

SF1 g: Profile 7 of transmembrane topological organization of complete sequences of protein of CHSBasidio database.
