**GSE 62254**

**A**
- Plot showing disease-free survival over time (Months) with high risk score and low risk score.
- **HR (95% CI) = 1.45 (1.01-2.07)**
- Logrank P value = 0.04

**B**
- Scatter plot with high risk and low risk categories.
- Disease-free survival time (months) vs. number of patients.
- Recurrence (red triangles) vs. No Recurrence (green circles).

**C**
- ROC for 1 year DFS.
- AUC = 0.547

**D**
- ROC for 2 year DFS.
- AUC = 0.592
