Mr/Mrs. My name is Izabela Stachowicz, I am a doctoral student in ecology at the Venezuelan Institute of Research Scientific, where I carry out a study on the fauna of the Gran Sabana and the factors that impact it such as fire, hunting and deforestation. We would like you to give us some of your valuable time to answer some questions that will allow us to better understand the socio-environmental problem about hunting activity in his community. It is important that you know that your answers are totally confidential and for the exclusive use of research. Participation in this study is completely voluntary. If you decide do not participate, there will be no negative consequences. Please note that if you decide to participate, you can stop participating at any time and you can decide not to answer any specific questions. We thank you in advance for your willingness and collaboration in this research.
