### **Specimen deposition and accession number**

To whom it may concern,

I hereby confirm that the physical specimen of *Panderodus equicostatus* used in the study by Leonhard et al. submitted to PeerJ is stored as an SEM mount in the collections of GeoZentrum Nordbayern, Friedrich-Alexander-Universität Erlangen-Nürnberg, at Loewenichstr. 28, 91054 in Erlangen, Germany. It is available under the accession number EJ-12-V-19.25-001.

Kind regards,

Dr. Emilia Jarochowska
