30. Cause Ataxia, uncontrollable body coordination		
31. Cause Blurred vision		
32. Cause Hepatitis		

Part 5: Opinion towards cannabis policy in Thailand

Statement	Strongly agree	agree	neutral	disagree	Strongly disagree
1 Thailand should allow people over 20 years old use cannabis for medical purpose.					
2 Adults can use cannabis even being in front of children					
3 If parents use cannabis it will stimulate children to use it.					
4 Thailand should allow selling cannabis products for medical purpose.					
5 Thailand should allow selling cannabis products for recreational purpose.					
6 Thailand should allow people grow cannabis for medical purpose.					

Statement	Strongly agree	agree	neutral	disagree	Strongly disagree
7 Thailand should allow people grow cannabis for recreational purpose.					
8 Cannabis industry will produce large income to the country					
9 Cannabis should remain drug of abuse either for medical or recreational use as that in the past (before legalization in 2019)					
10 Cannabis should be under a strict law at the same level as heroin and methamphetamine					
11 Cannabis should be under a control law at the same level as alcohol					
12 Cannabis should be under a control law at the same level as tobacco
