

BP Terms

- | | |
|--|---|
| GO:0000469 cleavage involved in rRNA processing | GO:0031297 replication fork processing |
| GO:0006351 transcription, DNA-templated | GO:0043631 RNA polyadenylation |
| GO:0006378 mRNA polyadenylation | GO:0045991 carbon catabolite activation of transcription |
| GO:0006473 protein acetylation | GO:0097659 nucleic acid-templated transcription |
| GO:0009067 aspartate family amino acid biosynthetic process | GO:2001141 regulation of RNA biosynthetic process |
| GO:0016072 rRNA metabolic process | |
